## Haben Sie barrierefreie (Urlaubs)Tipps für uns?

**It is nothing new that people with a disability know the best locations which are also accessible; and not the internet does.**

**Tell us where You can enjoy your hobbies, where you can eat without barriers and where you can spend your accessible holidays.**

We would love to fill in our online-platform "Holidays on Wheels" with a lot of barrier-free offers and information from all over Austria. To represent the best of all the accessible highlights we need Your help.

If you know about any barrier-free and accessible:

- Accommodation
- Leisure Activities
- Cultural Objects of Interest
- Any other Objects of Interest
- Wellness-Offers
- Restaurants
- Bars

please make sure to let us know.

We would also like to have tips about barrier-free doctor's offices or shops. Because you need that even during your holidays.
